ELY FACTOR

Boca Raton, FL | 561-306-9490 | elyfactor@gmail.com | linkedin.com/in/ely-factor-fsu

SUMMARY

Detail-oriented recent FSU Business Administration graduate with hands-on experience reviewing, validating, and quality-checking data across healthcare, sports analytics, and media projects. Skilled at catching errors and inconsistencies, applying structured standards, and turning findings into clear, actionable feedback for stakeholders. Comfortable working independently and asynchronously with distributed teams, adapting quickly to evolving guidelines, and maintaining a high bar for accuracy under ambiguity.

EXPERIENCE

Belly Health July 2026 to Present
Data Research Intern *Inwood, NY (Remote)*

- Review patient, nutrition, and digestive health data against quality standards, flagging errors, trends, and inconsistencies for clinical and business decisions.
- Clean, validate, and cross-check healthcare data for reporting, documenting issues and resolving discrepancies before data reaches stakeholders.
- Deliver concise data reports and visualizations that translate findings into clear, actionable feedback for stakeholders.

UndeReview June 2023 to Present
Founder & Developer *Boca Raton, FL*

- Built and launched a data-driven sports app, defining quality standards for aggregating athlete, coach, and team performance data.
- Designed data pipelines and validation logic to catch errors and inconsistencies in raw inputs before publishing.

American Football in Israel June to August 2024
Data Analysis Intern *Israel*

- Reviewed YouTube and Mailchimp engagement data for accuracy and consistency across videos and newsletters reaching a global audience.
- Documented data-backed recommendations that improved content reach and audience engagement.

Healables June to August 2021
Data & Marketing Intern *Israel*

- Gathered and validated market research data to support accurate go-to-market positioning for a health tech startup.
- Created and quality-checked branded marketing materials for Healables.io and digital channels.

EDUCATION

Florida State University Graduated August 2026
B.S. Business Administration — Management Information Systems *Tallahassee, FL*

- Chess Club: Rated 1500 ELO, top 2.5% worldwide (97.6th percentile). Local tournament winner.
- Sports Analytics Club: Built visualizations and reviewed data quality to support team and coaching decisions.
- Pi Sigma Epsilon: Logistics Chair — managed event operations and quality checks for chapter events.

PROJECTS & ACHIEVEMENTS

UndeReview — Sports Analytics App
